Product Overview

Excel Cat6A cable screened U/FTP PE external grade is manufactured to meet and exceed the ISO, CENELEC and TIA standards and supplied on 500m reels. Excel Cat6A screened (U/FTP) cable takes the performance capabilities of copper infrastructure to new levels.

This delivers Class EA/Augmented Category 6 link performance over distances of up to 90m which supports the applications including 10GBASE-T, 10 Gigabit Ethernet.

Each cable consists of 4 pairs individually wrapped with high quality, strong, aluminium/polyester foil tape providing screening for each pair.

The foil configuration ensures separation of the pairs that ensures the performance.

The individual pairs are set to different lay lengths to ensure optimum performance.
