New ELAN Thermostats

ACHIEVE A NEW LEVEL OF CONTROL OVER HOME COMFORT

ELAN's line of Wi-Fi enabled thermostats communicate directly with ELAN Configurator for maximum controllability and quicker installs.

ELAN thermostats and sensors are designed to control all aspects of indoor air quality, including Temperature, Humidity, Air Purity and Fresh Air, ensuring comfort in every room of the home. Auto-Discover and Auto-Configure feature allows easy setup from Configurator to help reduce install time.

FEATURES / BENEFITS

- Auto-Discover / Auto-Configure
- Flush Mount Indoor Temperature and Temperature / Humidity Sensors
- Touchscreen / Hard Button Thermostats

ELAN REMOTE TEMPERATURE AND HUMIDITY SENSORS

EL-TSTAT-SEN-8083

ELAN® 8083 Indoor Flush Mount Remote Temperature and Humidity Sensor

EL-TSTAT-SEN-8051

ELAN® 8051 Indoor Flush Mount Remote Temperature Sensor

EL-TSTAT-SEN-8052

ELAN® 8052 Outdoor Remote Temperature Sensor
